Project Scouting Service for TMO

Our Team and Services

19 October 2020

Project Scouting Service: Who we are?

Time
Machine

We are a specialized team on EU R&I Funding Schemes working for TMO and its members!

Our Objectives

Scouting your way to Horizon Europe, ERASMUS+, Regional Funds, Digital Europe, Creative Europe etc.

1

Searching of funding opportunities for you-digital cultural heritage.

2

Helping you to identify matching calls and take action.

3

Finding partners for your consortia; mapping exercises and events

4

Collaboration as a partner/supporter in your proposal

Helping you access to right source of information and support for your proposal!

Project Scouting Service: Who we are?

Key Figures

- Started in 2/2020
- Supported proposals already granted
12 (18,332 Mio. Eur)
- Supported proposals under review
8 (29,2 Mio. Eur)
- Funding bodies consultancy
4 (EU and National Programmes)

Project Scouting Service: Who we are?

We aim to be the service point for digitization and cultural heritage related funding opportunities for our members!

Europe

ERASMUS +

Regional
Programmes

Digital
Europe

Creative
Europe

Serves per:

- Each relevant funding programme
- Each TMO member organization from any country

In synergy with NCPs..

Project Scouting Service: What we do and offer?

Time
Machine

1

Searching of
funding
opportunities for
you-digital
cultural heritage.

Horizon Europe and other relevant EU schemes will be scanned regularly (each relevant WP) to diagnose calls in relation to digitization and cultural heritage (including bottom up funding schemes of Horizon Europe; MSCA IF, ERC, RIs, EIC, etc.)

The call related information will be collected, packed and disseminated to TMO members in a digestible way supported by some call related insights where relevant.

This infopacks will be accessible via TMO Website, Project Scouting e-mails, TMO newsletter.

You are always welcomed to get in touch with Project Scouts for the calls of interest; to gain further information and insight.

Project Scouting Service: What we do and offer?

Time
Machine

2

Helping you to identify matching calls and take action.

TMO members will be assisted to select right type of funding opportunities.

- ▶ Analysis with respect to their research priorities, project ideas, the call requirements; content, scope, funding rates, partnership requirements, eligibility criteria. It may also cover the assistance to re-orient already submitted proposals (not-funded) towards available and matching funding opportunities.

After identification of target calls; TMO Members will be assisted to build their call related strategies.

- ▶ access to relevant sources of information; partnering tools and mechanisms, already funded projects, call/programme related events, national and regional support mechanisms, etc.

The services described here will be offered based on the demand raised by members and may vary in relation to their specific needs.

Project Scouting Service: What we do and offer?

Time
Machine

3

Finding partners
for your consortia;
events and
mapping exercises

TMO Members will be assisted to build partnerships for the prioritized calls for their proposals.

- Organization of brokerage events/workshops by Project Scouting Team,
- An online database offered by TMO to help finding partners among TMO Members (within and outside TMO community)
- Dissemination of information with regards to partnering events organized by European Commission or at national/regional scales,
- Follow up information with regards to partners searches announced in brokerage events or infodays organized by EC or national authorities.
- Call/project based mapping of potential partners

Mapping service will be offered for calls identified or project proposals at preparation stage on demand.

Project Scouting Service: What we do and offer?

4

Collaboration as a
partner/supporter
in your proposal

Scouts manages TMO's cooperation with its Members' in project consortia.

1) TMO can give **Letter of Support** to consortia if proposal;

- is only using free-of-charge the TM services (e.g. project presentation on TM platforms, inclusion of the project in the TM portfolio, application of public TM tools)
- conforms to the TM vision, scope and objectives.

▶ Scouts manages connections and provides LoS

2) TMO joins consortia as a **partner** if proposal;

- applies TM services (e.g. TMO manages the project's dissemination tasks and community brokerage/endorsement, project sustainability is secured by integrating it's tools into the TMO tool set)
- conforms to the TM vision, scope and objectives.
- As a partner TMO may deliver services for the proposed project itself or may contract partners with a handling fee

▶ Scouts manages the process and carries out partnering tasks (e.g. drafting WPs, TMO budget and relevant parts of proposal)

3) The TMO collaborates with its members in project applications that are of central interest to the Organisation. Applications of interest may be driven the TMO as **project coordinator** if;

- the proposed project conforms to the Time Machine principles, its vision and scope and contributes strategically to the overall realisation of Time Machine objectives

▶ Scouts supports coordination tasks (e.g. drafting applications/proposals, budget preparations, links with partners, other administrative tasks)

Project Scouting Service: What you can expect?

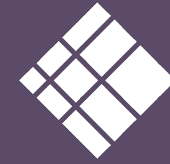

- What European funding opportunities are there for digitization and cultural heritage?
- Which funding opportunities fit to our R&I priorities, objectives, project ideas?
- How to work on our targeted calls?
- Which organizations would be partners in our consortia?
- How to cooperate with TMO as a supporter, partner coordinator?
- Also tailored support: infodays, trainings, webinars, brokerage events, partnering platform, access to information sources, consultancy to funding bodies.
- Flexible and agile approach to your specific needs for calls, projects...

DIGITISATION AND CULTURAL HERITAGE IN THURINGIA AND EUROPE

22 JUNE 2020, ONLINE CONFERENCE

Time
Machine

Informing about European initiatives and funding programmes to build effective connections to regional activities. Also, help regional actors to network and involved at European level by:

- Making use of funding programmes
- Initiating exchange of experiences and
- Benefiting from various tools, methods and collective European expertise available

Opening and welcome: **Dr. Christian Ehler** (Member of the European Parliament) and **Prof. Benjamin-Immanuel Hoff** (Minister for Culture, Federal and European Affairs in Thuringia and Head of the State Chancellery)

Expert speakers from various Directorates-General at the European Commission provided an overview over upcoming funding programmes and European initiatives:

Mihai Cristian Brasoveanu (Policy Officer at European Commission)

Catherina Magnant (Deputy Head of Unit at European Commission)

Maria Kayamanidou (Scientific Coordinator at the European Commission)

Cultural Heritage in EU research and Innovation Framework Programmes Horizon 2020 and Horizon Europe

Summarize and illustrate the cultural heritage related research and innovation priorities and support under the current and forthcoming EU Research and Innovation Framework Programmes; namely Horizon 2020 and Horizon Europe

- How Broad Cultural Heritage is tackled under Horizon 2020?
- Which calls were published under Horizon 2020 with relevance to Cultural Heritage?
- Which projects were funded under Horizon 2020 on Cultural Heritage?
- What is the Coverage of Culture in the Structure of Horizon Europe
- What is the reference to Culture in Strategic Planning for Horizon Europe
- What are related European Partnerships and Missions?

Support for greater understanding of European trends and shaping R&I funding priority areas.
